

EMERGENCY RESPONSE TO TERRORISM

Training Options:

- **Interactive 8-hour online course** – register at www.e-gcrme.com
Free for Florida first responders, \$80 using Paypal for out-of-state
- **Train-the-trainer and curriculum purchase for 16-hour, face-to-face course**
Email umemst@gcrme.med.miami.edu for information

COURSE INFORMATION

- Developed by subject matter experts in terrorism response; chemical, biological, radioactive, nuclear, and explosive (CBRNE) devices; and incident command
- Updated and improved continuously to incorporate best practices
- Used to train thousands of first responders to recognize, evaluate and manage a terrorist incident involving CBRNE devices
- Provides practical instruction beneficial for all first responders when dealing with a terrorist incident
- Meets the antiterrorism training requirements for Fire Officer 1 and ODP approved

MAJOR LEARNING GOALS

- Recognize a potential terrorist incident and initiate incident operations
- Recall personal and public safety measures
- Organize an incident and unified command system
- Outline the steps for triage using START and JumpSTART triage systems
- Explain the steps for an appropriate decontamination procedure
- Implement appropriate emergency care specific to the incident type

Approved by the Florida Bureau of Emergency Medical Services and the Florida Board of Nursing for continuing education credit
